## MILES

The Autobiography

By Miles Davis, with Quincy Troupe | Read by Dion Graham

Universally acclaimed as a musical genius, Miles Davis was one of the most important and influential musicians in the world. Here, Miles speaks out about his extraordinary life. *Miles: The Autobiography*, like Miles himself, holds nothing back. For the first time Miles talks about his five-year silence, he speaks frankly about his drug problem and how he overcame it, he condemns the racism he encountered in the music business and in American society, and he discusses the women in his life. But above all, Miles talks about music and musicians, including the legends he has played with over the years: Bird, Dizzy, Monk, Trane, Mingus, and many others.
