Painted Horses by Malcolm Brooks

Reader to be announced

Painted Horses reminds us that love and ambition, tradition and the future, often make strange bedfellows—and establishes Malcolm Brooks as an extraordinary new talent.

In the mid-1950s America was flush with prosperity though the West was still very much wild. In this incandescent debut novel, Brooks animates that time and untamed landscape in a tale of the clash of modern and the ancient, of love and fate, and of cultural heritage threatened by progress.

The Lucky Harbor Series, Book 10 by Jill Shalvis • Reader to be announced

One kiss can last forever.

Becca Thorpe has escaped to the beach. Now's her chance to get away from city living, throw caution to the ocean winds, and live in the moment. Especially if the moment includes the deliciously sexy surfer she meets shortly after arriving in Lucky Harbor. Something about the dark intensity of Sam's eyes and the thrill she gets at his touch convinces her to stay awhile.

Reader to be announced

The Beautiful Ashes

In a world of shadows, anything is possible—except escaping your fate.

Ever since she was a child, Ivy has been gripped by visions of strange realms just beyond her own. But when her sister goes missing, Ivy discovers her hallucinations are real, and her sister is trapped in a parallel realm. The one person who believes her is the dangerously attractive guy who's bound by an ancient legacy to betray her. Adrian might have turned his back on those who raised him, but that doesn't mean he can change his fate, no matter how strong a pull he feels toward Ivy. Together they search for the powerful relic that can save her sister, but Adrian knows what Ivy doesn't: every step brings Ivy closer to the truth about her own destiny and a war that could doom the world.
