The End We Start From

by Megan Hunter Reader to be announced

As London is submerged below flood waters, a woman and her baby are forced to flee north, shelter to shelter and to a desolate island. The story traces fear and wonder, as the baby's small fists grasp at the first colors he sees, as he grows and stretches, thriving against all odds.

- This book is optioned for film by Benedict Cumberbatch's company
- Will appeal to fans of On Immunity by Eula Biss, The Argonauts by Maggie Nelson, and Station Eleven by Emily St. John Mandel
- Hunter's poetry has been shortlisted for the Bridport Prize, and she was a finalist for the Aesthetica Creative Writing Award with her short story "Selfing"

"A moving, wistful, and compelling debut."

—Jim Crace, author of Ouarantine

God

A Human History

by Reza Aslan Read by Reza Aslan

Aslan narrates the history of religion as one long attempt to understand the divine by giving it human traits and emotions, and attempts to get to the root of this impulse to develop a more universal spirituality.

- #1 New York Times bestselling author
- A timely treatise as discussions of religious topics are reaching international flash points
- · Reza is an incredible scholar who writes in lucid, accessible prose

"Aslan is steeped in the history, languages and scriptural foundation of the biblical scholar."—Seattle Times, priase for the author

How Competing for Myself Changed Everything by Aly Raisman Reader to be announced

Aly Raisman first stepped onto a gymnastics mat as a toddler in a "mommy & me" gymnastics class. No one could have predicted then that sixteen years later, she'd be standing

on an Olympic podium, having achieved her dreams. But it wasn't an easy road to success. In her own words, Alv shows what it takes to be a champion on and off the floor, and takes listeners on a behind-thescenes journey before, during, and after her remarkable achievements in two Olympic Games. Why You Get More Done When You Work Less by Alex Soojung-Kim Pang Read by Adam Sims

Drawing on rigorous scientific evidence and revelatory historical examples, Rest overturns everything our culture has taught us about work and shows that only by resting better can we start living better.

- While Sweden cuts back to a six-hour workday, in the United States the pros and cons of flexible hours and how to achieve work-life balance continue to spark debate
- Whether you're a CEO or a work-from-home parent, the demands on the typical American's life inevitably lead to overwork and exhaustion

"This is a book of deep wisdom and human insight."
